Affordable Professional Video

Cotswold TV is about producing video, TV and film as efficiently as possible. Gain discounts through committing to regular TV shows and production with us or benefit from spreading the costs over 12 months.

TV SERIES SUBSCRIPTION

At Cotswold TV we focus on creating ongoing relationships with the businesses, charities and people we work with. Our TV Series package supports that relationship by offering a 20% discount in return for regular monthly production. Simply choose the amount of hours required each month for your production requirements, as would be discussed with Cotswold TV. This regular payment is made via our online subscription system and we all crack on with making telly together. You Star, We Film

VIDEO PAID MONTHLY

Take advantage of Cotswold TV's offer of Interest Free payments over 12 months for an individual production. Cotswold TV quote a price for your video, you are presented with the monthly plan option that you simply click to pay online. The subscription begins along with production. You have full rights to the video created. Your payments continue for 12 months after which your account is settled and your video ownership is completed signed over to you.

CHARITY SUBSCRIPTION

Spreading the costs of a production or committing to regular content being produced receive a 50% discount.

Quoting / How Much Do I need to Budget?

Everyone's requirements are different. With the simplified Cotswold TV approach we let you know how many hours of filming and editing your project would require and your subscription an appropriate rate. TV Subscriptions can be cancelled at anytime, if your account is clear with Cotswold TV and you do not have any production left to pay for. Monthly payments terms can be adjusted if you prefer to pay a larger initial payment.

Not Interested in monthly subscriptions?

No problem, we are of course more than happy to invoice for the work we undertake. Typically 50% up front and 50% on completion. We offer solutions and packages with the intention to ensure you get what you want out of your production with out needing to cut corners on what's being produced.
